

# Instant Financial Issuance Solutions

Connect consumers with instant purchasing power,  
build loyalty, and drive revenue

**ENTRUST**

SECURING A WORLD IN MOTION

## OVERVIEW

# Connect with consumers instantly

Entrust instant financial card issuance solutions provide banks, credit unions, retailers, and other financial card issuers with powerful new ways to drive revenue and engage consumers. Imagine the power of a consumer walking into one of your locations and - within minutes - walking out with a personalized, permanent payment card with instant purchasing power.

## THE OPPORTUNITY

# Optimize omni-channel experiences

Today's consumers expect the convenience of choosing between mobile, online, and in-branch channels as they conduct essential transactions – and they expect to move seamlessly between these worlds with a consistent, high-quality experience. Instant issuance is a key component of this omni-channel experience. Offering instant purchasing power and an immediate solution for card re-issuance, you can make an immediate and lasting impression that helps you earn, retain, and deepen customer loyalty.

## KEY BENEFITS

- Exceptional customer experience
- Increase activation rates
- Cards are used 32% more in the first 30 days than those delivered by other methods
- Cross-sell additional offerings
- Reduce paper, postage, and mailing costs
- Lower card printing and inventory expenses
- Strengthen brand loyalty

## Give consumers what they want

- Immediate purchasing power
- Instant replacement of lost or stolen cards
- Choice of personalized payment products

## HOW IT WORKS

Any card. Any device.  
Any way you choose.

Entrust offers everything you need for a successful instant issuance program, including software, printers, supplies, and a full range of consultative services and technical support. We configure fully integrated solutions to align with the way you do business, offering the largest portfolio of desktop issuance systems.

**Instant Issuance software** – Our instant issuance software offers compatibility with most card management and card authorization systems, making implementation fast. Add on IDM to better monitor and manage your printer fleet to ensure availability to your card issuance service.

**Intelligent supplies** – We offer a full range of standard and customized supplies designed to optimize productivity and minimize per-card costs.

**Professional services** – Our service experts can help you with everything from initial assessments and solution design to deployment and ongoing optimization.

**Transform blank or preprinted card stock into ready-to-use credit or debit cards – instantly.**
